Summary

Chapter 1 – Introduction, Purpose of and Need for Action

- 1.1 Purpose of and Need for Plan
- 1.2 Hanford Proclamation
 - 1.2.1 Valid Existing Rights
- 1.3 Description of Planning Process
- 1.4 U.S. Fish and Wildlife Service Legal and Policy Guidance
 - 1.4.1 National Wildlife Refuge System Administration Act
 - 1.4.2 American Antiquities Act
 - 1.4.3 Policy on Maintaining the Biological Integrity, Diversity and Environmental Health of the National Wildlife Refuge System
 - 1.4.4 Compatibility Policy
- 1.5 Authority to Plan for DOE Lands Adjacent to the Monument
(Pending FWS Agreement to Include Adjacent Lands)
- 1.6 DOE Goals and Land Use Policies
- 1.7 National Wildlife Refuge System Mission, Goals and Guiding Principles
- 1.8 Ecoregional and Landscape Goals
 - 1.8.1 Interior Columbia Basin Ecosystem Management Project
 - 1.8.2 Partners in Flight Land Bird Conservation Plan
 - 1.8.3 North American Waterfowl Management Plan
 - 1.8.4 U.S. Shorebird Conservation Plan
 - 1.8.5 North American Colonial Waterbird Conservation Plan

Table of Contents

- 1.9 Columbia River Fisheries Management Plans
- 1.10 History of DOE Presence at Hanford Site; Establishment and Management of Saddle Mountain National Wildlife Refuge; and Establishment of Hanford Reach National Monument
- 1.11 Special Area Designations
 - 1.11.1 Wild and Scenic River Study Area
 - 1.11.2 National Energy Research Park and Research Natural Area
 - 1.11.3 Internationally Significant Bird Area
 - 1.11.4 Historic Districts
 - 1.11.5 Restricted Airspace
 - 1.11.6 Others?
- 1.12 Monument Purpose(s)
- 1.13 Monument Vision Statement
- 1.14 Monument Goals
- 1.15 Step-Down Plans
- 1.16 Plan Amendment and Revision

Chapter 2 – Alternatives, Including the Service’s Proposed Action

- 2.1 Process for Formulation of Alternatives
- 2.2 Planning Issues and Opportunities
- 2.3 Detailed Description of Each Alternative Including Objectives and Strategies
(Also include maps depicting strategies for each alternative)
- 2.4 Alternatives for DOE Lands Adjacent to the Monument
(Pending FWS Agreement to Include Adjacent Lands)
- 2.5 Alternatives Summary and Comparison
- 2.6 Comparison of Funding and Personnel Needs by Alternative
- 2.7 Partnership Opportunities
- 2.8 Monitoring and Evaluation
- 2.9 Alternatives Considered and Eliminated from Detailed Study

Chapter 3 – Affected Environment

- 3.1 Geographic/Ecosystem Setting
- 3.2 Geology and Geomorphology
- 3.3 Paleontological Resources
- 3.4 Soils

Table of Contents

- 3.5 Air Quality
- 3.6 Water Quality
- 3.7 Hydrology
- 3.8 Climate
- 3.9 Environmental Contaminants
- 3.10 Visual and Aesthetic Resources
- 3.11 Plant Communities
- 3.12 Fisheries and Wildlife Resources
 - 3.12.1 Fish
 - 3.12.2 Mammals
 - 3.12.3 Birds
 - 3.12.4 Amphibian/Reptiles/Invertebrates
 - 3.12.5 Conservation Targets
 - 3.12.6 Other Special Status Species
- 3.13 Noxious and Invasive Species
- 3.14 Cultural Resources
 - 3.14.1 Pre-Contact Cultural Resources
 - 3.14.2 Post-Contact Cultural Resources
- 3.15 Public Access and Use
 - 3.15.1 Priority Public Uses
 - 3.15.2 Other Public Uses
- 3.16 Tribal Uses
- 3.17 Infrastructure
 - 3.17.1 Administrative Facilities
 - 3.17.2 Roads
 - 3.17.3 Utilities
 - 3.17.4 Valid Existing Rights
- 3.18 Social-Economic Setting
 - 3.18.1 Demographics
 - 3.18.2 Educational Services
 - 3.18.3 Agriculture
 - 3.18.4 Emergency Services
 - 3.18.5 Monument Management Economics
- 3.19 Special Area Designations

Chapter 4 – Environmental Consequences

- 4.1 Effects to Ecosystem

Table of Contents

4.2	Effects to Geology and Geomorphology
4.3	Effects to Paleontological Resources
4.4	Effects to Soils
4.5	Effects to Air Quality
4.6	Effects to Water Quality
4.7	Effects to Hydrology
4.8	Effects to Climate
4.9	Effects to Environmental Contaminants
4.10	Effects to Visual and Aesthetic Resources
4.11	Effects to Plant Communities
4.12	Effects to Fish and Wildlife Species
	4.12.1 Effects to Conservation Targets
	4.12.2 Effects to Other Special Status Species
4.13	Effects to Noxious and Invasive Species
4.14	Effects to Cultural Resources
	4.14.1 Pre-Contact Cultural Resources
	4.14.2 Post-Contact Cultural Resources
4.15	Effects to Public Access and Use
	4.15.1 Priority Public Uses
	4.15.2 Other Public Uses
4.16	Effects to Tribal Uses
4.17	Effects to Infrastructure
	4.17.1 Administrative Facilities
	4.17.2 Roads
	4.17.3 Utilities
	4.17.4 Valid Existing Rights
4.18	Effects to Social-Economics
	4.18.1 Demographics
	4.18.2 Educational Services
	4.18.3 Agriculture
	4.18.4 Emergency Services
	4.18.5 Monument Management Economics
4.19	Effects to Special Area Designations
4.20	Effects to Environmental Justice
4.21	Cumulative Effects
4.22	Potential Irretrievable and Irreversible Commitments
4.23	Relationship Between Short-Term Uses of the Human Environment and Enhancement of Long-Term Productivity
4.24	Unavoidable Adverse Environmental Effects

Table of Contents

Chapter 5 – Compliance, Consultation and Coordination with Others

- 5.1 Compliance
- 5.2 Consultation and Coordination with Others
 - 5.2.1 Public Outreach
 - 5.2.2 Federal Planning Advisory Committee
 - 5.2.3 Planning Workshops
 - 5.2.4 Native Americans
 - 5.2.5 Cooperating Agencies

Chapter 6 – List of Preparers

Chapter 7 – Summary of Public Involvement/Comments

Appendices

- A. Glossary
- B. Bibliography
- C. RONS List
- D. MMS List
- E. Compatibility Determinations
- F. Plan Implementation
- G. Land Protection Plan
- H. Compliance Requirements –
 - Memorandums of Understanding Between DOE and FWS
 - Vernita Bar Agreement
 - State Environmental Policy Act of 1971
 - Hazardous Waste Management Act of 1976
 - Model Toxics Control Act of 1989
 - Water Pollution Control Act of 1945
 - Air Quality Regulations
 - Shoreline Management Act of 1971
 - Others

Table of Contents

List of Figures

- Figure Monument Vicinity
- Figure Monument Features and Surrounding Ownership
- Figure Historic and Current Vegetation
- Figure Historic and Current Fire Regimes
- Figure Distribution of Conservation Targets
- Figure Open and Closed Areas
